CATALOG

We are a 100% Polish company operating with a team of people with long-term experience in the pet sector and in trade. We focus our activities on two Polish product brands: **Hilton** and **Animals**. These brands are one of the oldest brands of products for dogs and cats in our country. They were created more than 25 years ago and keep developing.

Hilton is dedicated to the cat and dog category. In this segment, over 200 top-quality products are offered at affordable prices. Its main product lines include:

- bentonite, wood and silica gel cat litter
- treats, snacks, bones
- hygiene products;
- accessories: litter boxes, spatulas, cat carriers bowls
- toys

Animals are products for birds and rodents. Its main product lines include:

- basic foods
- supplementary foods
- treats
- sticks
- beddings and sands

In the range of our business is the production of private label customer.

We produce under customers there brands:

- Cat litter;
- Food for birds and rodents;
- Accessories for dogs and cats.

HILTON

Cat Grass

150g

Grass is an essential for your cat's nutrition. It stimulates digestive functions and helps in removing undigested remains and fur from the digestive tract, which the animal swallows while cleaning their fur. Grass should be given with your cats normal food or left with unrestricted access for ease of consumption . Cats that eat grass do not eat potted flowers which can be harmful to them.

Country of origin: **Poland**

HILTON CAT LITTER SILICA for CATS packed 3,8 liters

Hilton silica gel cat litter is the undisputed leader among Hilton litters. The first silica cat litter in Poland was sold in 2005. Its excellent quality is guaranteed by many years of presence on the market and confirmed by a multitude of satisfied customers. The Hilton silica cat litter quickly absorbs urine and unpleasant odors. It does not create dust or stick to your cat's paws, and therefore does not spread around your flat. It has antibacterial properties - it is safe for cats and does not cause allergies.

HILTON SILICA CAT LITTER 3,8L FOR CAT

 8 pieces

HILTON LITTER PREMIUM LITTER - TOFU (clumping) packed 2,5 kg

Hilton Premium - Tofu clumping litter is the latest cat litter on the Polish market.

Made from natural ingredients, environment-friendly and delicate for cat paws.

Tofu litter has exceptional urine absorbing properties and effectively eliminates unpleasant odours. Its special properties inhibit growth of bacteria and make the litter box dry, clean and safe for your cat.

Hilton tofu litter makes small clumps very quickly. Used litter might be disposed of in the toilet.

One pack of Hilton tofu litter lasts for 30 days.

If you are looking for natural cat litter with very good clumping properties, absorbing unpleasant odours quickly, Hilton tofu is a perfect solution for you and your cats.

HILTON Cat Litter

Made from bentonite for cats
5 liters per package

Hilton Standard bentonite cat litter for cats.
Made from natural clay, clumping cat litter.
Does not contain any chemical additives.
Absorbs unpleasant odors. Can be disposed of with household waste. Standard Hilton litter does not produce dust - bentonite grains do not stay on the cat's paws and fur, so the animal does not spread gravel in the flat.

Available in 4 versions/ smell:

- natural
- lavender
- sea breeze
- forest

HILTON Cat Litter

Made from bentonite for cats
5 liters per package

Hilton Compact bentonite cat litter. Made from natural clay, very fine, clumping cat litter. It does not contain any chemical additives. Absorbs unpleasant odors.

Can be disposed of with household waste. The Hilton Compact litter clumps perfectly

– moisture is immediately absorbed, creating hard lumps which can be removed with a litter scoop, and the rest of the bedding remains dry and hygienically clean. It is very efficient due to its structure

- smaller clumps are created which are later thrown away. Available in 2 versions/ smell:
- natural
- grass scent - created for kittens

The scent of grass will quickly aid in teaching the cat to settle its needs in the litter box!
